

# The best way to manage your game.

The Laser Link Red Hot is the next generation rangefinder from Laser Link Golf. NEW to this model are a more powerful laser and improved electronics that allow for even faster readings at greater distances. Also NEW is the simple to use Mode button that will allow the user to switch easily from yards to meters, or from sound to mute.

- NEW easy-to-use Mode button.
- NEW vibrate mode for silent use.
- Easy-to-use red dot alignment system – the trademark feature of all Laser Link rangefinders.
- Measures to landmarks, such as trees and bunkers, up to 400 yards.
- Measures to a Laser Link reflector up to 800 yards.
- Audio signal to indicate yardage measurement confirmation.
- Designed to measure distance only, so as to conform to USGA and R&A Rules of Golf.
